FOOD ACT INFORMATION SYSTEM

NOTIFICATION NO: 31016

# GREENS POLICY

All our food is ethically sourced to maximise local content to offset as many "food miles" as possible.

We promote indigenous components into many of our food lines and ensure minimal food waste. Waste is specifically sorted into organic, recyclable, and putrescible to ensure their least environmental impact.

We see this as an important aspect of our operations. Working from professional premises we follow all Food Act legislation with regular audits ensuring full compliance.
